TOP TEN SAFETY RULES

1 Be responsible for your own safety and the safety of others

2 Most accidents are preventable

3 Never take short cuts or bypass safety measures

4 Only perform tasks for which you are trained

5 Use the correct tools and equipment for a job

6 Consider any risks before you start working

7 Never wear loose-fitting clothing or untied shoes

8 Don't engage in horseplay on the job

9 Keep a tidy workplace and clean as you go

10 Wear the right Personal Protective Equipment (PPE)
