Chicago Faucets and Section 1417 of the Safe Drinking Water Act

On January 4, 2014, new provisions for section 1417 of the Safe Drinking Water Act went into effect. The intention of these provisions is to update the definition of the term “lead free” and include exemptions to the prohibitions listed in the law.

Section 1417 of the SDWA states that “no person may use any pipe, any pipe or plumbing fitting or fixture, any solder, or any flux, in the installation or repair of any public water system or any plumbing in a residential or nonresidential facility providing water for human consumption that is not lead free.” The term *lead free* means “not more than a weighted average of 0.25 percent lead when used with respect to the wetted surfaces of pipes, pipe fittings, plumbing fittings, and fixtures.”

Meeting The New Standard Today

All of Chicago Faucets ECAST® products and parts meet this standard. We have converted our product line to meet the revised standards with new ECAST fittings. All non-ECAST fittings intended to dispense potable water have been discontinued. Several new ECAST models have been introduced as a replacement for every potable-water fitting we manufacture (excluding custom and configured items).

How To Know It's ECAST

We've made it easy for you to identify our ECAST products. Every ECAST product features “ABCP” or “AB” at the end of the model number. Additionally, the cartons for these products prominently feature the ECAST logo.

Our most popular products shipped faster than ever before.

Get your order faster than ever through our CFNow!™ program with 3-Day standard or 24-hour rush shipments.

We've improved CFNow! with more of our most popular products – over 450 in all – and fast shipping. When you order any product designated as CFNow! in this catalog, we will **ship your order within 3 days of order acknowledgement – at no extra cost to you.**

If you need it even faster, you can request **product shipment within 24 hours** of order acknowledgement.* So, be sure to look for the CFNow! logo.

5-Day standard shipment on most other products in this catalog.

All other products featured in this catalog will ship within 5 days of receipt of your order, with the exception of our Laboratory and Safety products, which require longer lead times.

Attention to detail delivers

Unparalleled quality.

Every Chicago Faucets product is manufactured to the same high standard that has made us the choice of professionals for over 100 years. Shown below are examples of the kind of product features that represent our extraordinary attention to detail.

Virtually indestructible.

Forged brass one-piece body with components made of brass and metal to withstand years of use and abuse.

Water conserving.

Faucet automatically shuts off after a set cycle time. Factory pre-set is 10 seconds or .25 gallons per cycle for dramatic water savings.

Vandal proof.

Components are designed so they can only be removed by maintenance personnel with special tools to help eliminate theft and tampering.

Easy to maintain.

External timing nut is easily accessible by maintenance personnel with no need for water shut-off, saving time and water.

Completely secure.

Solid brass, chrome plated shank is integrated into the faucet body for the most secure installation.

Interchangeable design.

Interchangeable handles, cartridges, and outlets allow the faucet to be easily updated at any time.

Model: 333-665PSHVAABCP • Weight: 1.75 pounds • Cartridge: MVP adjustable metering
Body Warranty: Lifetime • Cartridge Warranty: 5-Year • Finish Warranty: 1-Year

Specifications and features vary by product

Chicago Faucets is the number one commercial faucet in the United States. You can find our products in *healthcare, education, commercial buildings, public assembly, food service, and hospitality applications* all across the country. [Here's how we make the best faucets you can buy:](#)

Making commercial faucets is our only focus.

Our primary business is and always will be commercial faucets. This focus has made us the experts on commercial applications, codes, and standards. No other manufacturer can match our knowledge and experience.

We've changed the way people interact with water.

We are pioneers in faucet design. Started in 1901, Chicago Faucets influences how every faucet in the world is made and designed. Over 50 significant patents and industry innovations include the first interchangeable faucet cartridge, self-closing valve, and combination faucet.

We design and test all of our faucets at our headquarters.

Our in-house team of engineers works to develop new commercial products and improve existing designs. Every idea is tested and validated in our corporate headquarters outside of Chicago to help maintain our high standards.

We forge our own faucets.

Our foundry, one of a select few permanent mold yellow brass foundries in the United States, gives us unsurpassed control over quality and output. We make our molds, pour our patented lead-free brass, and polish and plate every faucet to the most exacting standards in the industry.

We machine our own components.

Our machining plant makes our components, including the Quatern™ cartridge - the most widely used cartridge design in the commercial market. This allows us to control the quality of our most important components.

We assemble our faucets in the United States.

We have always believed product quality is paramount. Keeping assembly here allows us to maintain our quality control, support the American workforce, and meet the requirements of the Buy American Act. Over 95% of our products meet these requirements.

A Commitment To Conservation and Sustainability

At Chicago Faucets, we believe that sustainability is an opportunity to travel down new roads. Our goal is to be a role model for the industry in sustainability and conservation through ongoing environmental initiatives throughout our company.

Our commitment to sustainability is demonstrated in the quality of our products – they're built to last. Longer faucet life means fewer replacements, reduced use of raw materials to build new products, and fewer obsolete faucets in landfills.

Ongoing sustainability efforts at Chicago Faucets include the implementation of permanent mold casting that dramatically reduces landfill waste associated with traditional sand cast manufacturing. We utilize recycled brass in the casting of all of our faucet bodies and recycle all of our scrap brass, as well as corrugated packaging and other paper at our factories. The wastewater system designed for our finishing line was recognized by the City of Milwaukee for outstanding implementation and environmental effectiveness.

Chicago Faucets is a member of the U.S. Green Building Council and supports the Leadership in Energy and Environmental Design (LEED) Green Building Rating System™, to measure the efficiency and sustainability of buildings in the U.S. and Canada.

We are proud to be a partner with WaterSense, sponsored by the EPA and designed to protect the future of our nation's water supply by promoting efficiency and enhancing the market for water efficient products, programs and practices.

We are a charter sponsor of the Alliance for Water Efficiency, a non-profit organization that is dedicated to the efficient and sustainable use of water. It brings together a diverse range of stakeholders to advocate water efficiency and conservation.

New Products For 2016

At Chicago Faucets, we are constantly developing new products and improving our existing product lines. Every product is engineered to the highest standards to meet our commitment to providing the finest commercial faucets and fittings. Here are some new additions to the Chicago Faucets product family. Be sure to visit our website to see new product additions throughout the year.

EQ Series Faucets with User Adjustable Temperature Control

EQ Series – now with user adjustable temperature control. (See pages 10-21.)

Angle Stop with Integral Check

The 1017-CSTABCP is a reliable and serviceable stop for healthcare sink applications. (See page 84.)

3600 Series

Vandal resistant features are built right into the handle and outlet making it an ideal choice for high-use, high-abuse locations. (See page 51.)

Hand Wash Station with Automatic Soap Dispensing

An ideal solution for applications where proper hand washing protocol is essential. (See pages 30-31.)

99-ASAB Pre-Rinse Spray

A water-conserving spray valve that lets you choose a spray pattern by varying hand pressure. (See page 147)

131-FM Thermostatic Mixer with Integrated Thermal Flush Option

Delivers tempered water in normal use and provides an integrated thermal flush option for thermal disinfection procedures. (See page 144.)

HyTronic® PCA

Designed specifically for patient care applications, these faucets limit the tested microbial contamination. (See page 23.)

HyTronic® Side Mix

Our temperature adjustment side mixer provides a new option for user adjustable temperature control. (See page 38.)

EBPS

Have peace of mind with our Emergency Backup Power System (EBPS). For HyTronic® faucets, EBPS guards against water loss during a power outage. (See pages 23-27.)

The Next Generation of Electronic Faucets

a Geberit company

EQ Series is our new line of electronic sensor faucets that install simply and operate reliably at an economical price. With 3 sleek, modern designs and 2 finishes, it will look great in any restroom.

EQ reacts quickly because of the built-in intelligence that scans the room and recognizes when a user is approaching. When hands are placed under the spout, water flow begins immediately and continues for a maximum of 20 seconds. When the room gets crowded and usage increases, EQ automatically adjusts the maximum run-time to 10 seconds to help move more people and save more money.

Designs To Match Any Decor

Select heavy-duty solid brass or zinc spout construction in 3 distinct styles with a choice of polished chrome or brushed nickel finishes.

Simple, Compact Control Box

The heart of every EQ faucet, the EQ control box houses everything needed for faucet operation including power, solenoid, mixing valve, and supply.

Versatile Design

Choose AC, DC, or our Self Sustaining Power Supply that utilizes a hydraulic turbine to power the faucet. Also available with manual or thermostatic mixing.

Putting water to work

The SSPS Self Sustaining Power System features an internal turbine and rechargeable storage device that constantly create and store energy generated by the flow of water. SSPS installs easily on our lavatory, gooseneck, deck mount, or wall mount electronic fittings.

ECAST®

All Electronic faucets and a variety of electronic accessories meet the requirements of new state laws regarding lead content.

Reliable and Smart – HyTronic® and E-Tronic® 40

Our **HyTronic and E-Tronic 40** sensor operated lines continue to redefine electronic faucets. Extensive ongoing testing, including over 4 million faultless operations, proves their reliability, while water tight electronics, vandal proof features, and a long-life lithium battery help provide years of trouble-free operation. The twin-beam infrared system responds quickly, adjusts to changes, and minimizes false activations. In addition, above-deck components and remote diagnostic technology allow for easy installation and maintenance.

The **SSPS Self Sustaining Power System** brings enhanced energy efficiency to our line of high-performance electronic faucets by using water to create and store power. Offered in combination with any Chicago Faucets electronic product, SSPS provides years of worry-free faucet performance.

Easy to install

Above-deck design and pre-installed free spinning hoses for a 'plug-and-play' installation that is fast and straightforward. Chicago Faucets legendary modular design provides additional flexibility for easy product modifications.

Easy to adjust

Remote control technology puts you in charge. With our exclusive Commander® software and handheld programming unit, you can switch modes, monitor battery level, and even troubleshoot with the touch of a button.

Easy to service

Components are located above-deck, logically placed and easily accessible – while retaining water-tight, anti-vandalism features.

Putting water to work

The SSPS Self Sustaining Power System features an internal turbine and rechargeable storage device that constantly create and store energy generated by the flow of water. SSPS installs easily on our lavatory, gooseneck, deck mount, or wall mount electronic fittings.

ECAST®

All Electronic faucets and a variety of electronic accessories meet the requirements of new state laws regarding lead content.

EBPS

Have peace of mind with our Emergency Backup Power System (EBPS). For HyTronic® faucets, EBPS guards against water loss during a power outage. (See pages 23-27.)

The HyTronic® PCA

HyTronic PCA is a new line of faucets designed specifically for patient care applications. HyTronic PCA faucets offer touch-free, dual beam design that provides quick response time and the added safety of improved hygiene. Most of all, they limit the tested microbial contamination to a level statistically similar to standards set by a conventional manual faucet.

EFS Hand Wash Station — An Efficient Solution For Healthcare Applications

Every year, according to the Centers for Disease Control, nearly 725,000 people acquire infections while in hospitals in the United States. Hand hygiene is one of the most important ways to prevent these infections. Working with Ecolab, Chicago Faucets has developed the EFS – an automated touch-free system that delivers water and soap in a consistent, pre-defined sequence.

The **EFS** delivers a repeatable, consistent hand-washing procedure that supports efforts for improved hand hygiene in hospitals and other healthcare environments. The simple 3-step process, including a timed soap-scrubbing period, supports the CDC hand-washing recommendations to help reduce hospital acquired infections.

Easy To Identify

The unique look of the EFS makes hand washing systems easy to identify for healthcare personnel. The EFS includes a small placard to be placed near the system that provides simple instructions and acts as a second visual cue for staff and visitors.

Hands-Free Operation

The touch-free operation of the EFS eliminates the need to touch handles or soap dispenser surfaces. Eliminating surface contact will further support efforts to reduce the spread of harmful bacteria throughout the facility.

Water-Saving Design

By providing the right amount and completely stopping water flow during the timed scrub period, the EFS can dramatically reduce water consumption.

Lighted icons on the spout guide users through the sequence:

Build A Complete Shower System To Meet Your Specific Needs

Chicago Faucets has designed a complete assortment of shower accessories designed to complement our new SH-PB1 pressure balancing valve. We've made it easy for you to **build your own unique system** and receive everything you need for the job – including the hand spray, diverter valve, and ADA grab bars – while **placing an order with a single part number**. If you would like to enhance an existing shower installation, you may also order these new accessories individually.

The products featured on the following pages are intended to give you a brief overview of possible product configurations. You'll find over 300 shower systems on our website. You can also review the accessories available and quickly build your own product number with our new shower fitting numbering system.

All shower fitting numbers begin with SH-PB1 in the first two positions to represent our new pressure balancing valve. The other 5 number locations are used to identify the accessories you would like included in your system. Here's the model number for the product on the right:

SH-PB1-11-112

Use this chart and overview of accessories to build your shower system:

Position	1	2	3	4	5	6	7			
Code	SH	-	PB1	-	X	X	-	X	X	X

Position	Code	Description
1	SH	Shower Family Valve
2	PB1	Pressure Balancing Valve 1
3	0	No Diverter Valve
	1	763-CP Diverter Valve
4	0	No Shower Head
	1	600-CP 2.5 GPM Shower Head with User Adjustable Spray Pattern

Laboratory Equipment

Chicago Faucets offers a full assortment of laboratory faucets. From basic gooseneck faucets with vacuum breakers to our versatile combination fittings, every product is manufactured to your exact specifications and to our high standards.

Like the rest of our product line, the Chicago Faucets line of lab products features parts interchangeability. This feature not only provides unmatched flexibility for product configuration, it provides additional assurance that parts will always be available at a moment's notice.

SAM - Satin Antimicrobial Products

SAM is a line of lab products with a durable satin finish. These products feature Sureshield® Silver Ion Technology that is encapsulated in a glass matrix to form a chemical-resistant, antimicrobial barrier. Please note that, because of the special process required to apply the SAM finish, these products require a 45-day lead time from receipt of order.

Quality and Durability

Chicago Faucets lab products are designed and manufactured to the same stringent performance and quality standards of our other faucet products. The result is a line of extremely durable products for virtually any lab environment.

Glossary of Terms

AB 1953	California Assembly Bill 1953, effective January 1, 2010, regulates the lead content in plumbing products that deliver water for human consumption.
ADA	Americans with Disabilities Act, effective 1992. This act states that for faucets, handles must require no pinching or grasping, and must require less than 5 lbs. of force to operate. In addition, metering faucets must run for at least 10 seconds. Chicago Faucets offers over 150 products designed and manufactured to meet ADA requirements.
Aerator	A feature located at the end of a faucet designed to mix air and water and thereby enable a splash-free flow.
ANSI	American National Standards Institute. Gas valves are tested and certified to ANSI Z1.5A/CGA 9.1M.
ASME	American Society of Mechanical Engineers. All Chicago Faucets plumbing supply fittings are designed and manufactured to meet or exceed the ASME A112.18.1 standard for plumbing fittings.
ASSE	American Society of Safety Engineers. Chicago Faucets pressure balancing and combination thermostatic and pressure balancing shower valves comply with ASSE 1016. Chicago Faucets vacuum breakers comply with ASSE 1001 and ASSE 1035.
Body	The basic housing that allows you to build your faucet for specific applications.
Buy American Act	In 1933, the Buy American Act was signed into law, requiring the U.S. government to prefer American made products in its purchases. To qualify, under the Act, the product must be assembled (Made) in the USA and more than 50% of the value must be derived from parts that are American made. Over 95% of our products meet these requirements. The compliant product list can be viewed at: http://www.chicagofaucet.com/pdf/CF1062.pdf
C-C	Center to Center. Refers to the distance between the center of valve bodies, or the reach of the spout from the center of the upright to the center of the outlet.
Ceramic Cartridge	A self-contained cartridge housing two ceramic discs. Full on or off with a 1/4 turn of the handle.
CHI FAU CO	An abbreviation for The Chicago Faucet Company – used on some parts.
Component	A part or sub-assembly within the part number of a fitting. This includes spouts, handles, aerators, inlets, outlet, arms and shanks.
Control-A-Flow®	A water conservation cartridge that can be adjusted to provide a flow rate of 1.2 to 2.0 GPM @ 50PSI.
CSA	CSA International. Most Chicago Faucets fittings are designed and manufactured to meet or exceed the applicable CSA standard.
Dashpot	A component that provides a slow or soft closure characteristic, for NAIAD cartridges.
ECAST®	Plumbing products certified as manufactured with less than one quarter of one percent (0.25%) total lead content by weighted average. A Chicago Faucets trademark.
Flow Control	A water conservation device installed in the spout base, restricting the flow of water.
Food Service	Products typically installed in institutional or restaurant kitchen areas.
GPM	Gallons Per Minute. The flow rate of the water.
Integral	A feature built into the faucet or fitting.
IPS	Iron Pipe Size. A specification for tapered pipe thread used in plumbing, synonymous with NPT.
Klo-Self™	A water conservation cartridge that closes upon release of the handle.
Laboratory	Products typically installed in K-12 schools, universities, or professional science laboratories.
Laminar Flow	A non-aerated flow of water.
LEED®	The Leadership in Energy and Environmental Design program systematically measures the performance of an entire building by awarding points in the areas of human and environmental health. Certified, Silver, Gold or Platinum certification is awarded, based on meeting certain prerequisites and benchmarks.
L/min	Liters Per Minute. The flow rate of water.
Marathon®	Single control kitchen and lavatory faucets. A Chicago Faucets trademark.
MeterMix®	A deck mounted lavatory metering faucet with temperature control. A Chicago Faucets trademark.
Mone®	A non-corrosive nickel-copper alloy. An International Nickel Co. trademark.
MVP®	An adjustable metering (self-closing) cartridge. A Chicago Faucets trademark.
NAIAD™	An adjustable metering (self-closing) cartridge. A Chicago Faucets trademark.
NPSM	National Straight Pipe Thread for Mechanical Joints. A typical pipe thread used on inlet shanks.
NPT	National Pipe Taper. A specification for tapered thread used in plumbing.
NSF	NSF International.
Oscillating Handle	A lever handle that operates by either pushing or pulling – typically used on urinal valves.
Outlet	An end point device typically installed on a spout that regulates water volume and changes flow patterns.
Potable Water	Water that is fit for consumption by humans and animals.
Pressure Balancing	Operational characteristic typically found in shower valves that maintains set water temperature when water pressure fluctuates, preventing scalding and thermal shock.
Pressure Balancing/Thermostatic	Operational characteristic typically found in shower valves that maintains set water temperature when water temperature or pressure fluctuates, a thermal actuator adjusts the hot and cold ratio to maintain the original temperature setting, preventing scalding and thermal shock.
Quatum™	A self-contained, repairable, compression cartridge that provides drip-free performance. Full on or off with a 1/4 turn of the handle. A Chicago Faucets trademark.
Safety Equipment	Safety showers, eye wash units and drench hoses typically installed in any building where hazardous conditions exist.
Slo-Compression	A self-contained, repairable cartridge that provides drip-free performance. Full on or off activation in 270° rotation of handle.
Softflo®	Name of a Chicago Faucets aerator. A Chicago Faucets trademark.
STEDI-FLO™	A water conservation fitting that restricts the waterflow at the inlet. A Chicago Faucets trademark.
Tailpiece	a) The connecting tube between a urinal/watercloset and the china. b) The connecting tube between a waste fitting and the trap. c) A fitting used to make a compression to pipe connection.
TempShield®	Name of a Chicago Faucets shower and tub/shower pressure balancing valve. A Chicago Faucets trademark.
Tip-Tap™	Name of a Chicago Faucets metering cartridge handle that tilts when pushed. A Chicago Faucets trademark.
Vacuum Breaker	Plumbing device that prevents back siphon of water into the water system.
Vandal Proof	Unique features designed to make the product resistant to tampering without the use of proper tools.
Bill S.152	Vermont Lead in Consumer Products Law, effective January 1, 2010, regulates the lead content in plumbing products that deliver water for human consumption.
Water Hammer	Destructive pressure wave, evident by noise, usually the result of air in the water line or high water pressure.
Wristblade	A 4" or 6" blade handle that allows opening and closing of a valve, using wrists or elbows – typically used in healthcare.

Compliance

Code/Standard Compliance

ASME A112.18.1M

All Chicago Faucets plumbing supply fittings are designed and manufactured to meet or exceed the ASME A112.18.1 standard for plumbing fittings. Consult factory for details.

CSA B125.1

All Chicago Faucets plumbing supply fittings are designed and manufactured to meet or exceed the ASME A112.18.1 standard for plumbing fittings. Consult factory for details.

CALIFORNIA HEALTH AND SAFETY CODE 116875 (AB 1953-2006)

ECAST®, from Chicago Faucets, is the line of durable, high-quality brass faucets and fixtures that are designed and manufactured with one quarter of one percent (0.25%) or less total lead content by weighted percentage.

NSF/ANSI 61, Section 9

Applies to all drinking water and lavatory faucets and states that leaching of lead into drinking water may not exceed 5 parts per billion at 1 liter dilution. Chicago Faucets has one of the largest listings of faucets certified to ANSI/NSF 61, Section 9 by CSA

ADA/ANSI/ICC A117.1

Chicago Faucets offers over 150 products designed and manufactured to meet ADA requirements.

ANSI Z1.5A / CGA 9.1M

Gas valves are tested and certified to ANSI Z1.5A / CGA 9.1M.

ASSE 1016/ASSE 1001

Chicago Faucets pressure balancing and combination thermostatic and pressure balancing shower valves comply with ASSE 1016. Chicago Faucets vacuum breakers comply with ASSE 1001, ASSE1035 and CSA B64.1.1.

ISO 9001

Chicago Faucets meets ISO 9001 international standards based on the ability to establish and maintain a uniform quality management system to better meet the needs of our customers.

ISO 14001

Chicago Faucets takes a systematic approach in its environmental management system to verify hazard potentials, control them and thus prevent critical incidents, therefore meeting ISO 14001 standards.

Vermont Bill S.152

Vermont Lead in Consumer Products Law, effective January 1, 2010, regulates the lead content in plumbing products that deliver water for human consumption.

Limited Warranty

TO WHOM DOES THIS WARRANTY APPLY?

The Company extends the following limited warranty to the original user only.

WHAT DOES THIS WARRANTY COVER AND HOW LONG DOES IT LAST?

This warranty covers the following Commercial Products:

LIFETIME FAUCET WARRANTY

The "Faucet," defined as any metal cast, forged, stamped or formed portion of the Product, not including electronic or moving parts or other products separately covered by this Limited Warranty or water restricting components or other components, is warranted against material manufacturing defects for the life of the Product.

FIVE YEAR FAUCET WARRANTY

Certain Products and portions of the Product are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase. Products warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase are referred to by the product numbers 42X, 43X, 15XX and E-Tronic™ - 4X, 5X, 6X, 7X, 8X and 9X. All zinc die cast portions of Product are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase.

FIVE YEAR CARTRIDGE WARRANTY

The "Cartridge", defined as the metal portion of any Product typically referred to by the product numbers containing 1-099, 1-100, 1-310, 377X, 217X and 274X, excluding any rubber or plastic components, is warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase. All Cartridges included in the Company's Single Control or Shower Products also are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase.

ONE YEAR FINISH WARRANTY – COMMERCIAL

For Products used in commercial applications, the finish of the Product is warranted against material manufacturing defects for a period of one (1) year from the date of Product purchase.

ELECTRONIC FAUCETS AND METERING MECHANICALS WARRANTY

Electronic and metering faucets mechanicals are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase.

ELECTRONIC FAUCETS ELECTRONICS AND SOLENOID WARRANTY

Electronic faucets electronics and solenoid are warranted against material manufacturing defects for a period of three (3) years from the date of Product purchase. This warranty does not cover the life of the battery. The Company offers **NO WARRANTY** for Product batteries.

THIRTY DAY WARRANTY – PALM DEVICES

Palm devices are reconditioned and are warranted against material manufacturing defects for a period of thirty days from the date of device purchase. The Company offers **NO WARRANTY** for batteries, software (on a CD or from a website), damage the Palm device or software allegedly causes to any system, set-up instructions, adaptors or other equipment used with the device.

OTHER WARRANTIES

All other Products not covered above are warranted against material manufacturing defects for a period of one (1) year from the date of Product purchase.

continued on page 188

WHAT THIS WARRANTY DOES NOT COVER

The Company will not be liable for any labor, transportation or consequential expenses not specifically stated above. There is **NO WARRANTY** in cases of damage in transit, negligence, abuse, abnormal usage, misuse, accidents, normal wear and tear, damage due to environmental or natural elements, failure to follow the Company's instructions, unauthorized repair, incorrectly performed maintenance or repair, improper installation or storage or use of acidic, abrasive cleaning materials. In order for this Warranty to apply, Buyer must retain and provide to the Company receipts showing date of Product purchase and documenting proper maintenance. Any oral or written description of the Products is for the sole purpose of identifying the Products and shall not be construed as an express warranty. **THE COMPANY SHALL NOT BE LIABLE TO BUYER, OR TO ANYONE CLAIMING UNDER BUYER, FOR ANY OTHER OBLIGATIONS OR LIABILITIES, INCLUDING, BUT NOT LIMITED TO, OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR WARRANTY, NEGLIGENCE OR OTHER TORT OR ANY THEORY OF STRICT LIABILITY, WITH RESPECT TO THE PRODUCTS OR THE COMPANY'S ACTS OR OMISSIONS OR OTHERWISE. THE COMPANY AND BUYER AGREE THAT THE EXPRESS WARRANTIES DESCRIBED ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES. ALL OTHER EXPRESS WARRANTIES ARE DISCLAIMED. FOR COMMERCIAL PRODUCTS, ALL WARRANTIES IMPLIED BY LAW, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE DISCLAIMED. FOR CONSUMER PRODUCTS, WARRANTIES IMPLIED BY LAW, INCLUDING THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY LIMITED TO THE PERIOD OF THE EXPRESS LIMITED WARRANTY STATED ABOVE FOR THE RELEVANT PRODUCT.** Some States do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Any assistance the Company provides to or procures for Buyer outside the terms, limitations or exclusions of this warranty will not constitute a waiver of the terms, limitations or exclusions of this limited warranty, nor will such assistance extend or revive the warranty. The Company will not reimburse Buyer for any expenses incurred by Buyer in repairing, correcting or replacing any defective Products, except for expenses incurred with the Company's prior written permission.

HOW TO GET SERVICE

For complete warranty details, or to provide notice of a warranty claim or request warranty service, contact your Chicago Faucets Sales Representative or The Chicago Faucet Company, Customer Service, 2100 S. Clearwater Drive, Des Plaines, Illinois 60018 or 847-803-5000. As the Company's sole and exclusive obligation under this warranty (and Buyer's sole and exclusive remedy), upon prompt written notice of breach from Buyer during the warranty period, the Company will either replace or repair the defective Product or refund the wholesale purchase price, at its option, if an inspection by the Company discloses defects in material or workmanship covered by this warranty. These warranty provisions do not cover the battery shipped with the electronic products.

LIMITATION ON DAMAGES

IN NO EVENT SHALL THE COMPANY BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, INDIRECT OR SPECIAL DAMAGES. WITHOUT LIMITING THE FOREGOING, THE COMPANY SHALL NOT BE LIABLE FOR ANY DAMAGE A PALM DEVICE OR ANY SOFTWARE OR RELATED EQUIPMENT ALLEGEDLY CAUSES TO A SYSTEM OR OTHERWISE. THE COMPANY'S AGGREGATE LIABILITY WITH RESPECT TO A DEFECTIVE PRODUCT AND THIS CONTRACT SHALL BE LIMITED TO AN AMOUNT EQUAL TO THE MONIES PAID TO THE COMPANY FOR THAT DEFECTIVE PRODUCT.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

HOW DOES STATE LAW APPLY?

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Restrictions Apply.

Palm is trademarked by Palm Inc. and is not affiliated with The Chicago Faucet Company.

Component Reference Guide

Spouts	
305-SVBJKCP	2-3/8" rigid vacuum breaker spout
749-SJKCP	5-1/2" tub spout with diverter
782-001KJKCP	5-3/4" rigid short spout with wall flange and pail hook
814-SJKCP	7-1/8" rigid spout with pipe support
814-SVBJKCP	7-1/2" rigid spout with vacuum breaker, pipe support
815-SJKCP	7-1/8" rigid spout with pipe support
815-SVBJKCP	7-1/2" rigid spout with vacuum breaker, pipe support
897-SJKCP	5-3/4" rigid vacuum breaker spout with pail hook
1888-001KJKABCP	9-1/2" swing tube spout with integral flange
DB6AJKABCP	6-1/4" rigid/swing double bend spout
DJ13JKABCP	13" double-jointed swing spout
DJ18JKABCP	18" double-jointed swing spout
DJ21JKABCP	21" double-jointed swing spout
DJ24JKABCP	24" double-jointed swing spout
DJ26JKABCP	26" double-jointed swing spout
GN1AFCJKABCP	3-1/2" 1.5 GPM flow control rigid/swing GN spout
GN1AJKABCP	3-1/2" rigid/swing GN spout
GN1FCJKABCP	3-1/2" 1.5 GPM flow control rigid/swing GN spout
GN2AFCJKABCP	5-1/4" 1.5 GPM flow control rigid/swing GN spout
GN2AH8FCJKABCP	5-1/4" 1.5 GPM flow control GN spout
GN2AH8JKABCP	5-1/4" rigid/swing GN spout 8" tall
GN2AJKABCP	5-1/4" rigid/swing GN spout
GN2ARSJKABCP	5-1/4" restricted swing GN spout
GN2BJKABCP	5-1/4" rigid/swing GN spout
GN2BVBJKABCP	6" rigid/swing GN spout with atmospheric VB
GN2BVBVR	6" rigid/swing vandal resistant GN atmospheric VB
GN2FCJKABCP	5-1/4" 1.5 GPM flow control rigid/swing GN spout
GN2H8FCJKABCP	5-1/4" 1.5 GPM FC rigid/swing GN spout 8" Tall
GN2JKABCP	5-1/4" rigid/swing GN spout
GN8AFCJKABCP	8" 1.5 GPM flow control rigid/swing GN spout
GN8AJKABCP	8" rigid/swing GN spout
GN8ARSJKABCP	8" restricted swing GN spout
GN8BVBJKABCP	8" rigid/swing GN VB
GN8FCJKABCP	8" flow control rigid/swing GN spout
GN8JKABCP	8" rigid/swing GN spout
GNRGD1JKABCP	3-1/2" rigid GN spout
GNRGD2JKABCP	5-1/4" rigid GN spout
HA8AJKABCP	8" rigid/swing high arc spout
HA8ARSJKABCP	8" restricted swing high arc spout
L5VBJKCP	5-3/4" L type spout with VB
L8BVBJKABCP	8" swing spout with atmospheric VB
L8JKABCP	8" swing cast brass spout
L9ARSJKABCP	9-1/2" restricted swing L type spout
L9JKABCP	9-1/2" swing L type spout with aerator
L12JKABCP	12" swing L type spout with aerator
L15JKABCP	14" swing L type spout with aerator
S6JKABCP	6" swing cast brass spout with aerator
Cartridges	
217-XM	Slow compression metal/metal operating cartridge
217-XT	Slow compression operating cartridge
245	Quatum™ Control-A-Flo compression operating cartridge
333-X	Push button operating cartridge
333-XSLO	Push button operating cartridge - slow close
335-X	Operating cartridge tip-tap (handle not included)
376-CX	Slo-comp integral check operating cartridge
386-LEDX	Glass filler operating cartridge - less dashpot
386-XSLO	NAIAD™ metering adjustable cycle time closure cartridge
420-X	Ceramic volume/temperature operating cartridge
430-X	Ceramic volume/temperature operating cartridge
625-X	Push button operating cartridge - fast close
625-XSLO	Push button operating cartridge - slow close
628-X	Push button operating cartridge - fast close
628-XSLO	Push button operating cartridge - slow close
745-X	Cam type knee valve fast cycle time closure cartridge
826-X	Klo-Self self-closing operating cartridge
937-XST	Slow compression steam operating cartridge
962-X	Needle valve compression operating cartridge
1900-X	Pressure balancing cartridge
1905-006K	Thermostatic/pressure balance cartridge
2300-X	Marathon™ volume/temperature operating cartridge
2500-X	TempShield™ volume/temperature operating cartridge
MVP	MVP™ metering adjustable cycle time cartridge
XK	Ceramic 1/4-turn operating cartridge
XT	Quatum™ compression operating cartridge

Outlets	
1-159	Spout end outlet ring
90-ANGAB	1.0 GPM @ 60 PSI spray water conserving pre-rinse valve
90-GNAB	Pot filler valve with screened full flow outlet
90-HAB	2.5 GPM @ 60 PSI hose reel spray
90-LAB	1.0 GPM @ 60 PSI spray valve water conserving pre-rinse
99TFAB	0.91/0.99 GPM @ 60 PSI Triple Force™ low-flow pre-rinse
242.757.AB.1	1.5 GPM (5.7 L/min) laminar flow control insert
242.802.AB.1	1.0 GPM (3.9 L/min) laminar flow control insert
600	2.5 GPM max. flow rate shower head with ball joint
620	2.5 GPM max. flow rate shower head with ball joint
621	2.0 GPM max. flow rate institutional shower head
777-016K	1.5 GPM (5.7 L/min) rose spray
777-019K	1.5 GPM (5.7 L/min) rose spray
777-021K	1.5 GPM (5.7 L/min) rose spray
839-VO	5 Serration nozzle with laboratory valve
E1AB	Full flow Quixtop outlet
E1MAB	Full flow Quixtop outlet
E2	3/4" male hose thread outlet
E2-2	3/4" male hose thread outlet with adapter
E3-2AB	2.2 GPM (8.3 L/min) aerator with adapter
E3AB	2.2 GPM (8.3 L/min) aerator
E3VPAB	2.2 GPM (8.3 L/min) vandal proof aerator
E4AB	1.5 GPM (5.7 L/min) rose spray
E4FAB	1.5 GPM (5.7 L/min) spray female rose spray
E7	10 serration lab nozzle
E7T	10 serration lab nozzle
E7TC	10 serration lab nozzle with check
E7XTJKCP	30° angled 8 serration nozzle
E12AB	2.2 GPM (8.3 L/min) aerator
E12VPAB	2.2 GPM (8.3 L/min) vandal proof aerator
E15AB	1.5 GPM (7.6 L/min) spray
E21AB	1.5 GPM (7.6 L/min) spray
E22/E7	Back flow preventer with serrated nozzle
E27	In-line vacuum breaker with hose thread outlet
E29AB	2.2 GPM (8.3 L/min) non-aerating laminar outlet
E29VPAB	2.2 GPM (8.3 L/min) vandal proof non-aerating laminar outlet
E31AB	Control valve with E1 outlet
E34AB	1.5 GPM (5.7 L/min) aerator
E34VPAB	1.5 GPM (5.7 L/min) vandal proof aerator
E35AB	1.5 GPM (5.7 L/min) aerator
E35VPAB	1.5 GPM (5.7 L/min) vandal proof aerator
E36AB	1.5 GPM (5.7 L/min) non-aerating laminar outlet
E36VPAB	1.5 GPM (5.7 L/min) vandal proof non-aerating laminar outlet
E37AB	1.5 GPM (5.7 L/min) non-aerating laminar outlet
E37VPAB	1.5 GPM (5.7 L/min) vandal proof non-aerating laminar outlet
E39AB	0.35 GPM (1.3 L/min) non-aerating comp. econo-flow
E39VPAB	0.35 GPM (1.3 L/min) VP non-aerating comp. econo-flow
E64VPAB	1.0 GPM (3.8 L/min) vandal proof laminar outlet
E65VPAB	1.0 GPM (3.8 L/min) vandal proof laminar outlet
E66VPAB	0.5 GPM (3.8 L/min) vandal proof laminar outlet
E2805-5AB	0.5 GPM (1.9 L/min) vandal proof non-aerating spray
E2805AB	0.5 GPM (1.9 L/min) vandal proof non-aerating spray
Handles	
204	2-1/2" cross handle
205	2-1/2" cross handle
317	4" blade handles
319	6" elbow blade handles
335	Push tilt handle
336	Duckbill push tilt handle
369	2-3/8" lever handles
386-010K	Oscillating handle
950	2-1/2" three wing canopy handle
1000	2" canopy single wing handles
2200-225K	Marathon™ lavatory handle
2300-225K	Marathon™ kitchen handle
Push	Metering valve handle

**CHICAGO
FAUCETS** 

a Geberit company

Chicago Faucets, a member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports, and sports facilities. Whatever your requirements may be, Chicago Faucets offers standard and made-to-order products that are designed to meet any commercial application.
