

BIS starQuick®

Maximum installation flexibility

- Full range of installation systems available
- Self-locking
- Patented design
- Largest pipe range available 1/4" - 2"
- UV-stabilized engineered polymer
- Corrosion-free
- ASTM E-84 - plenum rated

BIS starQuick®

Quick, easy and reliable!

1. Place pipe into clamp

2. Push Pipe to fix and lock

Quick, easy and reliable!

BIS starQuick® Clamps guarantee a reliable and time-saving pipe fixing. The BIS starQuick® Clamp is self-locking: the clamp closes when the pipe is pushed into it!

The BIS starQuick® System contains clamps for fixing all types of pipe, from 1/4" through 2" BIS starQuick® Clamps are suitable for plumbing, heating and electrical installations.

The BIS starQuick® range offers all kind of smart solutions for fixing of two or more parallel running pipes, pipe work to metal rail and pipe work to threaded rods.

Features and benefits

- clamp closes by applying pressure to the pipe
- for full range of pipes sizes from 1/4" - 2"
- for plumbing, heating and electrical installations
- can be used in highly corrosive environments
- temperature resistance -40 °F to 200 °F
- UV stabilized
- high resistance to many chemicals
- ASTM E-84 - plenum rated

A complete range

For all situations

Fixing of two or more pipes

The BIS starQuick® System offers various time- and cost-saving solutions for fixing of two or more parallel pipes. It is possible to tack more than one BIS starQuick® Clamp together.

Additional solutions include the BIS starQuick® Fixing Rail and BIS starQuick® Duo Bracket; the ultimate solution for paired pipe runs such as hot / cold or supply / return runs.

State of the art material

BIS starQuick® products are made from UV-stabilized polyamid PA6. This state of the art material offers a wide temperature range and has a high resistance to many chemicals. Halogen free and fully recyclable.

Tacking

Fixing Rail

Duo Bracket

Fixing to metal rail

BIS starQuick® Universal Rail Adaptor

- Innovative solution for fixing BIS starQuick® Clamps to Strut or BIS RapidRail®
- Add pipe work quickly and easily to any existing installation
- Resistant to UV, aging, oil and gasoline
- No corrosion, recyclable and halogen free
- For BIS starQuick® Clamp SQ-10 to SQ-51

For Strut Rail (e.g. BIS RapidStrut®)

For C-profile (e.g. BIS RapidRail®)

Fixing to threaded rod

BIS starQuick® Threaded Rod Adaptor

- Innovative solution for fixing BIS starQuick® Clamps to threaded rod
- Add pipe work quickly and easily to any existing installation
- Resistant to UV, aging, oil and gasoline
- No corrosion, recyclable and halogen free
- For BIS starQuick® Clamp SQ-10 to SQ-51
