Veil®

Wall-Hung Dual-Flush Intelligent Toilet

Launch: November 2016
Estimated Availability: Available Now
Contact: Seth Megahan (Ext. 70531)
Estimated Lead Time: 14 Days

Product Intent: The Veil wall-hung intelligent toilet offers integrated personal cleansing while saving up to 8 inches of precious bathroom space over Kohler's longest floor-mount models. The mounting hardware is completely concealed, giving Veil a sleek, seamless look that is incredibly easy to clean. It delivers a suite of precision features finely tuned to provide optimum hygiene and ultimate individual comfort, from personal cleansing to an LED nightlight to hands-free opening, closing and flushing. All of the features are easy to control on a touch-screen LCD remote control. In addition to the remote, you can control the flush using the touchless, Honed White actuator plate included with the toilet.

Pictured: K-5402-0

Features & Benefits

<p>Bold. Design.®</p>	<ul style="list-style-type: none"> • Bearing a contemporary wall-hung design, Veil minimizes surface areas that require cleaning, has automatic features requiring fewer touchpoints and personalized cleanliness through self-sanitizing cleansing functionality • LCD touch-screen remote control is designed to comfortably fit into the user's hand for one-touch control as well as a touchless actuator plate for both full and half flush • Menu of cleansing features includes front and rear wash options, as well as the ability to control the heated seat, warm-air dryer, deodorizer, nightlight and flushing • For enhanced hygiene, the stainless steel wand is rinsed with sterilized water before and after every use, as well as an automatic UV sanitization cycle that occurs every 24 hours
<p>Bold. Power.®</p>	<ul style="list-style-type: none"> • Dual-flush (1.6/0.8 gpf) washdown flushing delivers 100% of water through the rim, which cleans the bowl exceptionally well
<p>Bold. Conservation.®</p>	<ul style="list-style-type: none"> • Having both half and full flush options, Veil saves as much as 3,950 gallons of water annually over a standard 1.6-gallon toilet • Consumer rebates are available in some municipalities • Meets strict EPA WaterSense® and CALGreen guidelines for water conservation

Highline® Comfort Height®

Two-Piece Elongated 1.0 GPF Toilet

Launch: KBIS 2017
Estimated Availability: Available Now
Contact: Katie Stevens (Ext. 72750)
Estimated Lead Time: 14 Days

Product Intent: With a clean, simple design and ultra efficient performance, this Highline water-conserving toilet combines both style and function. A 1.0-gallon flush reduces water use by more than 35 percent over 1.6-gallon toilets, offering a water savings of more than 6,000 gallons of water per toilet, per year.

Pictured: K-5298-0

Features & Benefits

Bold. Design.®	<ul style="list-style-type: none"> • Comfort Height feature offers chair-height seating that makes sitting down and standing up easier for most adults
Bold. Power.®	<ul style="list-style-type: none"> • Uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing • Class Five® flushing technology offers virtually plug-free performance and rinsing power for a clean bowl • Meets MaP Premium requirements for removing solid waste in a single flush. MaP Premium residential toilets must flush with no more than 4.0 liters (1.1 gallons) and demonstrate a MaP rating of at least 600 grams (21 ounces) of solid waste removed in a single flush
Bold. Conservation.®	<ul style="list-style-type: none"> • Significant water savings of more than 6,000 gallons of water annually over a 1.6-gallon toilet • Consumer rebates are available in some municipalities • Meets strict EPA WaterSense® and CALGreen guidelines for water conservation

C³-155

Elongated Cleansing Toilet Seat

Launch: October 2016

Estimated Availability: Available Now

Contact: Seth Megahan (Ext. 70531)

Estimated Lead Time: 14 Days

Product Intent: Bring the refreshing convenience of personal cleansing to your existing toilet. With a slim, low-profile design that fits most elongated toilets, the C³-155 toilet seat uses soothing heated water to provide a higher level of cleansing and hygiene. A built-in side panel is ergonomically designed for easy control of water temperature and spray, while the heated seat keeps you comfortable. A built-in nightlight illuminates the bowl, and the self-cleaning stainless steel wand uses UV light for automatic sanitizing.

Pictured: K-8298-0

Features & Benefits

Cleanliness	<ul style="list-style-type: none"> • Continuously heated water for consistent comfort • Stainless steel wand with automatic UV-light sanitization • Front and rear wash modes • Oscillate and Pulsate wash modes • Adjustable water temperature and water pressure • Automatic deodorization with carbon filter
Comfort	<ul style="list-style-type: none"> • Heated seat with five temperature settings • Large, elongated ring opening • Warm-air drying system with adjustable air speed and temperature • Ergonomically designed side panel with large control buttons
Convenience	<ul style="list-style-type: none"> • LED lighting illuminates the bowl to serve as a nightlight • Quiet-Close™ lid and seat close slowly and quietly without slamming • Quick-Release™ hinges allow the seat to be removed easily for cleaning • Grip-Tight bumpers add stability and prevent shifting

DTV+™

Eco System Controller Module

Launch: KBIS 2017
Estimated Availability: Available Now
Contact: Luke Bartel (Ext. 72162)
Estimated Lead Time: 14 Days

Product Intent: The eco system controller offers the same functionality as the standard controller but limits valve operation to only one outlet at a time, reducing water consumption.

Pictured: K-99695-E-NA

Features & Benefits

Limits Valve Operation to Only One Outlet at a Time	<ul style="list-style-type: none"> • Compliant with water-conservation code requirements (e.g., CALGreen and LEED) • Able to sequence body spray operation (one at a time) to create spalike wave experiences
Compatible With All Digital Valves	<ul style="list-style-type: none"> • Flexibility for shower and bath/shower systems • Ability to create shower systems with multiple outlets that still comply with water-conservation code requirements
Compatible With All DTV+ Components	<ul style="list-style-type: none"> • Creates an integrated spalike showering experience with steam, lighting and audio while meeting code requirements for water consumption
